Dear Dr. Nevin:

This is an interim response to your March 24, 2019 Freedom of Information Act (FOIA) request, a copy of which is enclosed for your convenience. We received your request on September 23, 2019, and assigned it case number 19-F-1910. We ask that you use this number when referring to your request.

Although we have already begun processing your request, we will not be able to respond within the FOIA's 20-day statutory time period as there are unusual circumstances which impact our ability to quickly process your request. The FOIA defines unusual circumstances as (a) the need to search for and collect records from a facility geographically separated from this office; (b) the potential volume of records responsive to your request; and (c) the need for consultation with one or more other agencies or DoD components having a substantial interest in either the determination or the subject matter of the records. At least one, if not more of these scenarios applies or would likely apply to your request. While this office handles FOIA requests for the Office of the Secretary of Defense (OSD), the Joint Staff (JS) and other component offices, we do not actually hold their records and our office is not geographically located with these organizations. As we do not hold the records, until the required records searches are complete, we are unable to estimate the potential volume of records or the number of consultations that will be required to make a release determination.

Your request has been placed in our complex processing queue and is being worked based on the order in which the request was received. Our current administrative workload is approximately 2,987 open requests.

In some instances, we have found that requesters who narrow the scope of their requests experience a reduction in the time needed to process their requests.

The OSD/JS FOIA Public Liaison, Darrell Williams, is available at 571-3 72-0462 or by email at [OSD.FOIALiaison@mail.mil](mailto:OSD.FOIALiaison@mail.mil) to answer any concerns about the foregoing.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows:

Telephone: 202-741-5770

Re: FOIA Request

To Whom It May Concern:

This is a request under the Freedom of Information Act. I hereby request the following records:

Copies of all correspondence, memorandum, meeting agendas, minutes, and any other documents, related to planned, proposed, or enacted Assistant Secretary of Defense (Health Affairs) policy for the use of tafenoquine, to include any records related to updating the "DoD Guidance for Malaria Prophylaxis" policy, discussed in the Tafenoquine Transition Planning Meeting (enclosed).

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.
